MEMORANDUM FOR: Office of General Counsel

ATTENTION : [REDACTED] 25X1A9a

SUBJECT : Charges for Shipment of Excess Amount of Effects -  
[REDACTED] 25X1A9a

Reference: (a) Memo from Chief, Passenger Movement Branch  
Transportation Division/LO to Chief, FD  
dated 6 January 1955.

(b) Memo from OGC to Chief, FD, dated 14 Jan 1955.

25X1A9a 1. Per telephone conversation this date between [REDACTED] 25X1A  
[REDACTED] Finance Division, and [REDACTED] OGC, reference 25X1A9a  
(b), above, is returned for reconsideration on the basis of addi-

[REDACTED] as a DAC, GS-13. Shipment  
of his household effects was accomplished by these orders, which, in accordance with Department of the Army regulations limit DAC's to 2000 pounds. Had these orders not been issued, and had subject returned on bona fide military orders, there is no question but that he would have been entitled to ship 8500 pounds. It appears that these

c. It would seem unreasonable to assume that subject would be allowed 8500 pounds outbound, then allowed a lesser amount inbound, regardless of the disparity in the two "cover" orders.

d. Your early attention to the above would be appreciated, as the individual returned to the ZI in September 1954, and his household effects are still being held at the port of entry, Hampton Roads, Virginia awaiting payment of \$164.96 as payment for effects shipment in excess of 2000 pounds.
